---

**The Elmbridge Private Sector Landlords' Forum on Wednesday 25 July at 3pm at Elmbridge Civic Centre, Esher, KT10 9SD where iHowz will be speaking.**

**The Forum is a great opportunity for you to get together and network with other local landlords, while discussing issues such as the implementation of Universal Credit, the expansion of HMO licensing, the Council's new enforcement policy and the availability of grants and loans to bring empty properties back into use.**

**There will be guest speakers and stands providing information on services such as Elmbridge Rentstart, the Department for Work and Pensions, who administer Universal Credit, and Private Sector Housing. We will also be joined by a representative from the landlord trade body iHowz.**
